

# TAIPEI PLAS

Taipei International Plastics & Rubber Industry Show

台北國際塑橡膠工業展覽會

# 2008

Sep. 18-22

**Welcome to the best sourcing platform in the East!**

Dear Friend,

Plastics and rubber are increasingly shaping the future in everything from car bodies to heart valves. And Taiwan industry is proud to play a vital role in this progress by cracking traditional molds with cutting-edge products and technology.

**TAIPEI PLAS' 08**, also known as the **2008 Taipei Int'l Plastics & Rubber Industry Show**, brings together a record 400 leading exhibitors to unveil the dynamism and flexibility of the industry across a dazzling 2,300 booth venue.

**TAIPEI PLAS' 08** brings incredible value by parading the vast breakthroughs in the trade, many of which have been achieved via Taiwan's strong manufacturing network. It's here where you can see every facet of production, meet the gatekeeper's and CEOs who will be flying in from across the Asia and the Pacific region to check out the vast array of breakthrough materials, finished products, and parts and processing machinery.

The coming event builds upon the huge success of **Taipei Plas' 06** that attracted 2,242 overseas buyers and 14,000 local visitors to interface 376 companies who used 2,028 booths to generate incredible business deals.

But the 2008 event will be even larger! Its 2,300 show booth venue opens a new sourcing world at what will be Asia's newest and best equipped NanKang Exhibition Hall which opens just in time for the show. It's here where you can use the best sourcing platform to locate such trend setters as multi-color injection, all electric molding, and precision micro injection molding machines.

With all these prospects it's a pleasure to invite you to send your application in today to join the best sourcing venue in the East.

Sincerely yours,

Kevin Wei
